

**Friday, May 11**

**Sterling Chemistry Laboratory  
Room 110**

# 2018 Yale Chemical Biology Symposium

8:25 – 8:55 AM

**Coffee & Registration**

12:20 – 1:40 PM

**Lunch & Poster Session**

8:55 – 9:00 AM

**Opening Remarks**

**Jason Crawford**

Department of Chemistry, Yale

1:40 – 2:40 PM

**Pamela A. Silver**

Department of Systems Biology,  
Harvard Medical School

Wyss Institute, Harvard

*Designing Biology to See in Dark Places*

9:00 – 10:00 AM

**Daniel G. Nocera**

Department of Chemistry &  
Chemical Biology, Harvard  
*Food and Fuel from Sunlight, Air  
and Water*

2:40 – 3:40 PM

**Farren J. Isaacs**

Department of Molecular, Cellular &  
Developmental Biology, Yale

Systems Biology Institute, Yale

*Genomes by Design: Recoding &  
Rewriting Life's Genetic Blueprint*

10:00 – 11:00 AM

**Bryan L. Roth**

Department of Pharmacology,  
UNC, Chapel Hill, School of Medicine

*How GPCR Structural Information  
Accelerates Drug Discovery*

3:40 – 4:40 PM

**Feng Zhang**

Broad Institute, MIT & Harvard  
McGovern Institute for  
Brain Research, MIT

*Advances in Genome Editing Technologies*

11:00 – 11:20 AM

**Morning Coffee Break**

11:20 – 12:20 PM

**Gregory L. Verdine**

Department of Stem Cell &  
Regenerative Biology, Harvard  
*Shattering the Rules of Engagement  
in Drug Discovery*

4:40 PM

**Closing Remarks**

## **SPONSORS**

**Broad Institute**

**American Chemical Society**

**Royal Society of Chemistry**

**Yale MCDB**

**Register Online**
