

**Yale Chemistry & Boehringer Ingelheim
Pharmaceuticals**

Lectures in Organic Chemistry

Wednesday, April 10, 2024

3:30 pm - Sterling Chemistry Lab, Rm. 160

Daniel Weix

Wayland E. Noland Distinguished
Professor of Chemistry, University of
Wisconsin-Madison

**“New Electrophiles,
Strategies, and Catalysts for
Cross-Electrophile Coupling”**

Dr. Yongda Zhang

Sr. Research Fellow, Boehringer
Ingelheim Pharmaceuticals

**“Asymmetric Synthesis of
Chiral Phosphorothioate”**

Student Research Talks – 2:30 pm; SCL Rm. 111

*This seminar is sponsored in-part by the Yale-Boehringer Ingelheim
Pharmaceuticals Joint Speaker Program*
