

Yale Department of Chemistry  
EXPERIMENTAL / PHYSICAL  
CHEMISTRY SEMINAR

*Unveiling hidden states of matter: Investigating strongly coupled materials using terahertz spectroscopy*

**Benjamin Ofori-Okai**

Associate Scientist, SLAC National Accelerator Laboratory,  
Stanford University

Friday, January 12, 2024

Seminar 10:30 am | SCL 160

*This seminar is generously sponsored by the Yale Department of Chemistry*
