

# 2018 CONNECTICUT ORGANIC CHEMISTRY SYMPOSIUM

*Hosted by Yale Department of Chemistry*

**THURSDAY, APRIL 12 • 12:30 PM**

**Sterling Chemistry Laboratory**

**225 Prospect Street • New Haven, Connecticut**

**12:00 NOON Registration and Poster Set-up**

**12:25 PM Welcome**

Professor Jonathan Ellman, Yale University

**12:30 – 1:30 PM Professor Tomislav Rovis**

Professor of Chemistry  
Columbia University

*“Controlling Catalysis with Visible Light”*

**1:30-2:30 PM Dr. Daniel Fandrick**

Sr. Principal Scientist  
Boehringer Ingelheim

*“Development of Catalyzed Propargylations  
and Following up on Unexpected Results”*

**2:30-3:30 PM Afternoon Refreshments and Poster Session**

*Posters are encouraged! Boards and easels provided.*

**3:30-4:30 PM Professor Timothy Newhouse**

Assistant Professor of Chemistry

*“Total Synthesis of Neurologically Active Terpenoid  
Natural Products”*

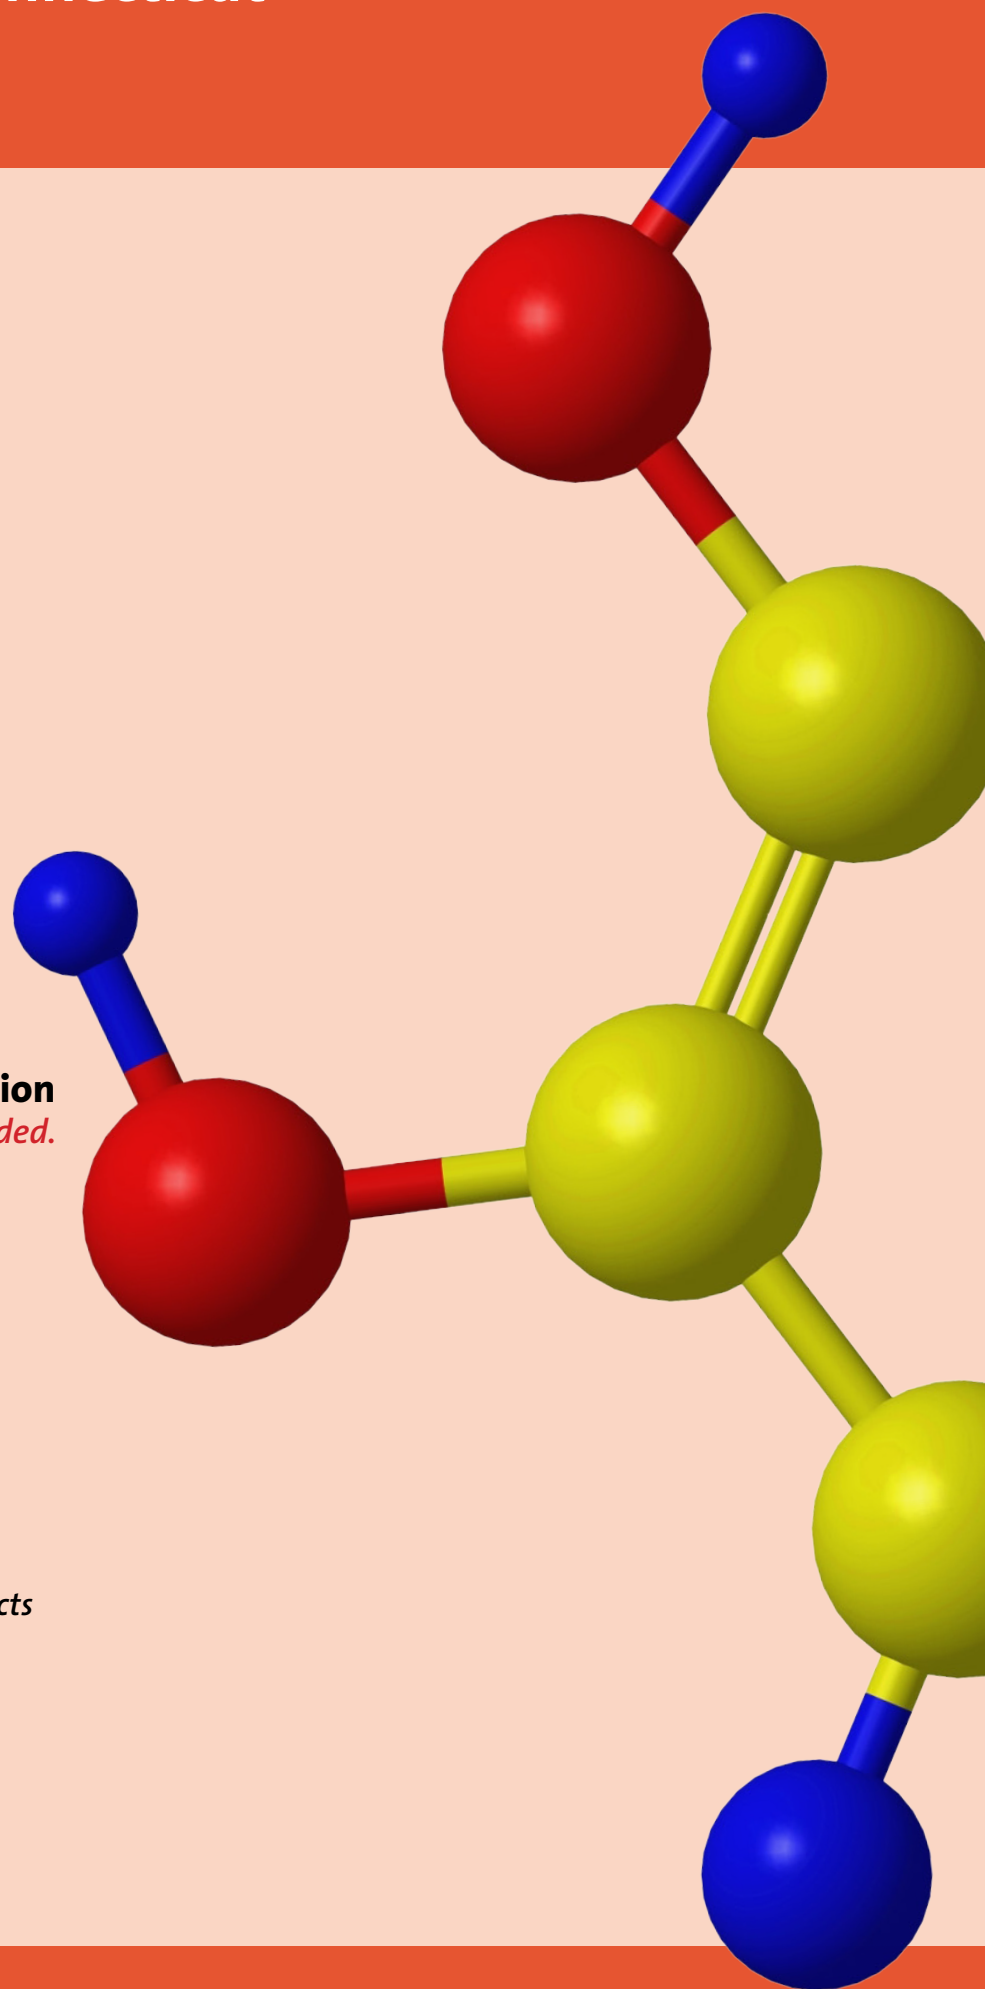

**4:30-5:30 PM Professor Sarah E. Reisman**

Professor of Chemistry  
California Institute of Technology

*“Necessity is the Mother of Invention: Natural Products  
and the Chemistry They Inspire”*

**5:30 PM Closing Notes**

Professor Jonathan Ellman, Yale University
