Yale University Department of Chemistry

FALL COURSE REQUIREMENTS
in Addition to Regular Lecture Courses

ALL STUDENTS:
All students, 1\textsuperscript{st} year and above, are required to register for seminar courses that correspond with their sub-discipline for \textbf{AUDIT}.

All Organic chemistry students are required to register for:
\textit{CHEM 720; Current Topics in Organic Chemistry for AUDIT.}

All Physical and Theoretical chemistry students are required to register for:
\textit{CHEM 730; Molecular Sciences Seminar for AUDIT.}

All Chemical Biology chemistry students, regardless of Training Grant status, are required to register for:
\textit{CHEM 740; Seminar in Chemical Biology for AUDIT.}

All Biophysical chemistry students, regardless of Training Grant status, are required to register for:
\textit{CHEM 750; Biophysical Chemistry Seminar for AUDIT.}

All Inorganic and Material chemistry students are required to register for:
\textit{CHEM 760; Seminar in Inorganic Chemistry for AUDIT.}

1\textsuperscript{ST} YEAR ONLY STUDENTS:
All 1\textsuperscript{st} year students, regardless of sub-discipline, are required to register for:
\textit{CHEM 590 Ethical Conduct and Scientific Research for CREDIT (SAT/UNSAT).}

\textbf{Biophysical} chemistry students are required to register for:
\textit{CHEM 700-01; Laboratory Rotations for First-Year Biophysical chemistry students for CREDIT}

\textbf{Chemical Biology} chemistry students are required to register for:
\textit{CHEM 700-02; Laboratory Rotations for First-Year Biophysical chemistry students for CREDIT}

STUDENTS 1\textsuperscript{ST} YEARS WITH ADVISORS AND BEYOND:
CHEM 600 sections 01-39; Research Seminars that corresponds to your research advisor. Taken for CREDIT.

CHEM 990 sections 01-39; Research that corresponds to your research advisor. Taken for CREDIT.

STUDENTS WHO HAVE COMPLETED THEIR COURSE WORK:
You are not required to register for DISR 999 Dissertation Research in Residence. This is used as a placeholder only for students who are not registering for any other courses or seminars. All students should be registered for their division’s seminar and research with their advisors.
