

Yale Department of Chemistry

Novartis Chemical Sciences Lectures in Organic Chemistry

Yang Yang
Asst. Professor of Chemistry
UC Santa Barbara
“New Strategies for Stereoselective
Radical Biocatalysis”

Dr. Stefan Peukert
Novartis Institute for
Biomedical Research
“Discovery of a safe GIRK1/4 inhibitor
for pharmacological cardioversion
of atrial fibrillation”

Thursday, October 24, 3:30 pm

Sterling Chemistry Lab, Rm. 160

Student Research Talks, 2:30 pm, SCL 111

*This seminar is generously sponsored by
Novartis Institute for Biomedical Research*
